The Kanata Chamber of Commerce is dedicated to helping your business succeed! We exist to help your business grow and prosper. From networking opportunities, to discount programs, to public policy representation, the Kanata Chamber of Commerce positively impacts your bottom line.

## Five Reasons YOU Should Join the Kanata Chamber of Commerce

**Access:** When you join the Chamber and actively get involved you'll discover that a huge benefit of membership is meeting prospects who may have an interest or who can refer you to key contacts you're trying to reach. From being on committees or attending events where prospects are likely to be, you'll find yourself in situations where you can identify and meet decision makers face-to-face versus making cold calls.

**Money saving discounts:** Discounts range from health insurance, office supplies, merchant Visa / MasterCard transactions, to discounted phone service to other items your business currently uses or will need. It's not uncommon for a small business to easily find enough savings in the first 30-60 days upon joining with endorsed providers or M2M discounts to recoup most, if not all of their membership dues.

**Professional Growth and Education Opportunities** are offered monthly through our Breakfast Seminars. Stay updated, informed and educated at bargain prices.

**Low cost advertising opportunities:** Take advantage of a wide range of affordable advertising options and sponsorship packages to market your business.

**Enrich** the community where you do business and help stimulate economic growth.

You too can make a difference! For more information on the many benefits of membership with the Kanata Chamber of Commerce, please contact Sharon Davies at 613-592-8343.
