

Harmonized Sales Tax – The Law has been passed.... Are you Ready?

Love it or hate it, the sales tax climate in Ontario is going to change this summer, and for anyone running a business, there is plenty to do to get ready. Some may think that the change is as simple as changing the rate from 5% to 13% but there is much more to do. There are many planning opportunities that should be considered to ensure your organization is ready for this change.
