

**JUNE BREAKFAST SEMINAR**

Tuesday, June 9, 2009

*“Challenging perceptions and expanding what’s possible.”*

**Alvin Law**

Drawing on 25 years’ experience as a speaker – but more importantly on 45 years’ experience living life without arms – Alvin shares his highly personal story of achievement in spite of enormous challenges. Alvin’s Laws of Life equips audiences with the five keys to eliminating excuses and living powerfully.

More than just a motivational speaker, Alvin confronts people to:

- Consider the consequences of their current beliefs and attitudes and how it ultimately affects their lives.
- Put into perspective the challenges they face.
- Create a stronger sense of harmony and respect for each other within the realm of office politics.
- Become more connected in their relationships with other people.

**Don’t miss an event that will keep people talking ...**

Painting with words, Alvin seamlessly connects his insights with humorous and emotional stories from his own life. His customized, professional and enthusiastic presentations feature a performance on the keyboard and drums as proof positive of his success in overcoming obstacles.

**We all have obstacles in life.** It is ultimately our attitude that determines whether they block our path to success or strengthen our journey.

Don’t miss this fascinating speaker!
